What we're looking for

- Unusual collaborations and ambitious partnerships delivering at scale and involving or engaging a range of charity, public sector or corporate stakeholders
- Work which makes **connections across our aims**
- Communities or people most affected involved in leading change
- Work which uses a **preventative approach**
- Work that has practical plans to achieve and sustain change over the long-term

We won't support work unless it's...

- Leading the way or part of a partnership or collaboration aiming for transformative change.
- Pioneering by breaking new ground, or using tried and tested models to push things forward in a new way.
- Ambitious and aiming to make a long-term impact.

Whilst important, our focus is not keeping good things going, we want to support work that is driving change for the future.

Behind the scenes

EOIs reviewed

Submitted EOIs reviewed by the Team against criteria & impact goals

Decision

Decisions are made depending on the size of the request:

Portfolio Review Meetings

Held <u>every 2 weeks</u> to review applications that progress past the initial phone call & agree whether to invite a full proposal

Due Diligence

After proposal submitted and a follow-up conversation, Funding Manager prepares proposal for committee discussion and decision

- Grants up to £60k Executive Team
- Grants up to £200k & social investment up to £400k -Executive/Trustee committee, which meets every 6 weeks
- Grants over £200k and Social Investment over £400k - Trustee Board, which meets <u>5 times a year</u>

What we consider when making decisions

- Track record: successes as well as the learning when things don't go to plan
- Links to work we already support: what's the collective value?
- Broader context: who are the allies, collaborators? What influence or leverage will the work have?

Will the work add value, and help us to collectively achieve our impact goals?

Grants		
£40m	200	65%
Yearly budget	Organisations awarded with a grant a year	Core or Unrestricted
We do not anticipate this changing, but it is regularly reviewed by our Trustees Board.	We will be making longer-term grants so this number will reduce over time.	We will work to increase this, but funding type will be based on an assessment of what will deliver the most impact.

- 88 exited; 65% recycled
